2017 GMTA QUANN TENNIS DAY CAMPS

Katie hits a backhand during a multi-court drill game in 2015

Overview. The Quann summer tennis program consists of four two-week sessions. It is intended for committed players who want to improve all aspects of their tennis game: technique, tennis specific fitness, and tactics. The program is suitable for a wide spectrum of players, ranging from advanced beginners in middle school to varsity level players. It is not appropriate for advanced tournament players or true beginners. Each session is limited to 18 players.

Instructors. JW (John) Miller is the on-court coordinator and lead instructor. Coach Miller, certified with both the USPTA and the USPTR, has over 20 years of experience in the tennis industry. He will be assisted by experienced, adult instructors who are accomplished players and passionate about tennis.

Program details. Essential camp information is listed below. Registration instructions are available at the Quann program page of the GMTA website (www.gmatennis.org).
